Institution : Pakundia Govt. College From National University

Passing Year : 2022

Result : CGPA 2.83 out of 4.00

EXPERIENCE

2022 – 2023 (6th Months)

US Software Limited I 69/B, 2nd Floor, Monowara Plaza, Green Road,
Panthapath, Dhaka 1205

Trainee- Programmer

During my training in C# programming, I had the opportunity to work as trainee programmer on projects under the guidance of professional trainers at US Software Limited. This invaluable experience allowed me to enhance my skills in C# development, problem-solving, and project execution. Collaborating with a team of experts, I gained hands-on experience in designing and implementing software solutions using C#. The projects I worked on involved tasks such as developing user-friendly interfaces, implementing data structures, and integrating APIs. Additionally, implementing data structures, and integrating APIs. Additionally, I gained a deep understanding of software development methodologies and best practices. This immersive training experience equipped me with the practical knowledge and proficiency to contribute effectively to real-world C# projects in a professional setting.

HOBBIES

- Reading
- Traveling

LANGUAGE

- English
- Bangla

PROJECTS

- Project Name: **WorldWideCountryWithCity**
- This project provides information about countries and cities worldwide.

Technologies Used :

- Backend: C# with ASP.NET Web API
- Frontend: Angular Prerequisites
- Visual Studio for backend development. Node.js and Angular CLI for frontend development. Getting Started Follow these steps to set up and run the project:
- This Application is run Angular using core api with Authentication and Authorization.
- Here you can CRUD the country and City.

Github: <https://github.com/TanvirAbir39/Country-City>

- Project Name: **Library Management System**
- This project provides information about **Library Books System**.
- This Application is run ADO.net Technology Windows Form. Here basic workflow are shown in a bank.
- You can get Report Also.

Technologies Used :

- C#, ADO.net , Windows Form, Crystal report

Github: https://github.com/TanvirAbir39/Library_Management_System

- Project Name: **Ecommerce Management**
- This Application is run Node js. This is Fully build on Browsers Storage (local storage, session storage)

Technologies Used :

- JavaScript, Html, CSS

Github: <https://github.com/TanvirAbir39/E-Commerce>

CERTIFICATION

I declare that to the best of my knowledge, these data correctly described my qualification and me. I understand that any willful misstatement described herein may lead to my disqualification or dismissal, if employed.

Sincerely

Md Tanvir Abir
