- Collaborate on **API integration** and frontend components (**HTML, CSS, JavaScript**).
- Use **Git/GitHub** for version control and assist in **CI/CD deployments**.
- Participate in **code reviews, documentation, and team discussions**.

US Software Limited
Trainee- Programmer
01/2024 – 03/2024 | Dhaka
During my C# programming training at US Software Limited, I worked as a trainee programmer, honing my skills in C# development, problem-solving, and project execution. Under professional guidance, I collaborated with a team to design and implement software solutions, focusing on tasks like creating user-friendly interfaces, implementing data structures, and integrating APIs. This hands-on experience provided a deep understanding of software development methodologies and best practices, preparing me to contribute effectively to real-world C# projects in a professional setting.
